**NOTICE TO THE MARKET**

**São Paulo, July 03, 2017** - Marfrig Global Foods S.A. (B3: MRFG3 and Level 1 ADR: MRTTY - “Company” or “Marfrig”), one of the largest global players in the animal protein segment, informs that, due to the improvement in cattle availability for slaughtering in Brazil, explained by the positive cycle and greater cattle retention during the 1<sup>st</sup> semester of the year, and the current macroeconomic scenario, decided to readjust the slaughtering capacity of its Beef Division. This readjustment includes:

- the reopening, from mid-July on, of Nova Xavantina (MT) and Pirenópolis (GO) units; and
- the production expansion, started in June, of four units located in the states of Goiás, Mato Grosso, Pará and Rondônia.

After the total implementation of these actions, it is estimated that the Brazilian operation of the Beef division will increase its effective capacity by approximately 25% from the current level. This production expansion is in accordance to the Company’s strategy to achieve the sustainable growth.
